MILO INCORPORATED AS VILLAGE NOW HAS MAYOR

(By John Glambach)

Ray Haggins, Milo's popular barber, has cut the prices all around so a fellow can now afford to get a hair cut and a shave at the same time. Now if the local banker would only cut the interest down to about half of what it is now life may be worth living.

Milo has now been organized as a village and at the first meeting held by the new municipality Joseph Thompson the grocer, Roy Haggins, the barber and Carl Sutton the hotelman, and present president of the Milo Board of Trade, were elected councillors. Joe Thompson is now mayor of Milo.

The Chautauqua which was held in Milo the first part of June, put on some very excellent entertainments much better than those of previous years. Unfortunately owing to the financial conditions, it was not so well attended as in previous years and those who had signed the guarantee were now called upon to make good the deficit.

The Milo U.F.A. juniors, who sent eight of their members to the annual university week in Edmonton, came back with flying colors. Miss Lina Buell obtained the scholarship while Miss Nora Wainwright got the cup for the most points in sports. The junior local will hold its picnic at the river the second Saturday in July to which several other junior locals have been invited and a programme of sports will be the feature of the day. Since we had the cloudburst, things are beginning to look up and if ever rain was needed it certainly was then. Right at Milo it did not rain so heavy as further north and east. Southwest of Milo, it did not rain at all. However lots of showers have been going around since and those places that did not get the big rain have probably had some by now.

At the present time there is a movement on foot in the Lake McGregor district, west of the lake, among the farmers on the low lying land bordering on or near the lake, to obtain irrigation. I understand the irrigation company has been approached on the subject and appears to be willing to supply water to farmers whose land is not to high to for the purpose.

Milton Frances, one of Majorville's oldest settlers died in the Bassano hospital and was buried in the Bassano cemetery. Mr. Frances came to Alberta from Missouri and lived for a while in the High River district. When the Snake Valley homestead land was opened up he and his eldest son Will took homesteads in what is now Majorville. Mr. Frances became interested in some Florida land and several years ago he sold his Majorville farm and took his large family down to Florida, but did not like the country well enough to remain and so he came back and has since lived on another place he owned in the east Majorville district. Mr. Frances was 79 years old. He was always a pleasant and good neighbor and well liked by everybody.

The question of having a residential doctor in the district not covered by the Vulcan and Bassano hospital district has been up for discussion at various times and while all kind of plans have been mentioned nothing has happened to settle it so far. Doctors have been trying to make a living in the various towns but have had to give it up and move away and the present doctor in Arrowwood is now threatening to follow the rest. However he has made a proposition that if the municipal council will allow him \$1500 a year he will visit anyone in the district between Arrowwood and Milo at the rate of \$5 a trip. At the last meeting of the Milo U.F.A. local this matter came up for discussion and a motion was made and carried that the councillors be requested to call a meeting of all the ratepayers of the district to discuss the matter. It is claimed that a \$2 tax on each quarter within the district would be sufficient to raise the \$1500.

IRRIGATION SYSTEM GIVEN TRYOUT OVER WEEK-END

On Saturday night for the first time was the water turned into the pressure tank and pipe system of the irrigation project serving the town of Gleichen, which has just been completed. Nowhere else in Canada is to be found a similar system such as the piped pressure irrigation system giving every property owner water.

Quite a few people were at the power house at the time to see the motor start. After it ran for a time it was shut off for the night but in the meantime a number of people had already been busy irrigating. All day Sunday the residents in the east end of town were busy irrigating, while on Monday those living in the west end were served.

Sunday it was found the air in the pressure tank was leaking out and also some small leaks appeared in the mains but it will be remedied in a few days. The plant demonstrated that a 60 pound pressure could easily be kept up with half the town using water at once.

The reservoir is now almost full of water and makes quite a size lake. All day Sunday the lake was a lively place with people lining the shores watching the swimmers and high divers. There is no doubt this place will become a popular place at once and given a few years for the trees to grow and create a park like scene it will be a great pleasure resort.

On July 15th the official opening of the irrigation system will take place. It is hoped that the Lt. Governor of the province will be present and officially turn the tap which is to mark the turning point in the history of Gleichen, an event which is to make it a garden spot of beauty where so far it has been almost impossible to grow trees and create boulevards. Nearly fifteen Calgary firms have contributed to the construction of the system in the way of material while practically all the labor was done by ratepayers and residents of Gleichen.

FIFTH FORTNIGHTLY CROP REPORT

Issued by the Department of Agriculture, Province of Alberta, Edmonton, June 26th, 1931

A large section of the Province has received a plentiful supply of moisture during the past two weeks. Telegraphic reports reaching the Department from various sections of the Province today, indicate that prospects have greatly improved, particularly in the case of the later sown grain. The early sown wheat is heading out somewhat short in most places on account of the lack of moisture and high winds in the early part of the season. The later sown wheat, oats and barley are showing a fine stand in all districts where sufficient moisture has been received. The extreme southern part of the Province and a considerable area through the south-eastern section has not had sufficient rain and high winds are still prevalent doing much damage.

Pastures generally have improved rapidly during the past two weeks in the area where precipitation has occurred. In districts where the wind damage and where dry weather prevailed in the early part of the season, pastures have not yet revived sufficiently to provide feed for stock.

Grasshoppers and cutworms have done some damage in isolated places. Taking the province as a whole, however, this has been very slight. Alfalfa is a heavy stand in the irrigated area. The first cutting has now commenced.

Warmer weather would be welcomed but crops are growing rapidly over the greater part of the Province and all but the early sown grain gives promise of a good return except in the districts where moisture has not yet been sufficient.

More than 200 useful products are now manufactured from corn.

MUCH PROGRESS IN PREPARING FOR IRRIGATION OPENING

With the new irrigation system proven success the several committees working on the opening celebration for July 15th, are stepping out with renewed vigor to make this a day that will long be remembered by all those who attend.

Mr. Glen-House reports that there are no end to the old boys offering to do their stuff in the cow town events.

The Canadian Legion B.E.S.L., have offered to take charge of the midway which spells success for that department as these boys have a reputation for going over the top.

Hundreds of children and adults swimming at the lake last Sunday gave one a slight idea what might happen when the rowd arrives and it is a hot day. Joe Guttman says the parade will surely start the day right. Rev. Davies will see that there are cats for all.

Arrowwood has entered for the ball game, two other strong teams will be in action so the ball fans are assured of some real thrills. Games and stunts and suggestions of all kinds are being offered until the schedule committee are working over-time trying to find time for all.

The dance at night is all arranged. Eddy MacLean's Albertans will supply the music. Remember the date Wednesday, July 15th, rain or shine. Watch for posters. Admission to grounds 50c. afternoon and evening. Children over 10 years 25c.

Remember the date is only 15 days away.

"GUESTS" OF NEW YORK JAIL

The Four Marx Brothers spent much of their time in jail while they were transferring "Animal Crackers," their big stage comedy hit to the screen at Paramount's New York studio. This, their second all-talking feature for the screen, is coming to the Community Hall Saturday, July 4th, 1931.

The "jail" constituted their dressing room and was one of the most unique structures of its kind. It was designed to order by Paramount carpenters and represents the cell block of a prison, apparently of steel and concrete construction and equipped with heavily barred windows and massive doors.

Across the front was painted "Animal Crackers Hoosegow" and on the four cells were the names "Chico," "Groucho," "Harpo," and "Zeppo."

The "jail" was mounted on wheels and moved about the stages so that it was always in position when the brothers wished to renew their make-up or take a nap between sequences.

It is reported that there a few cases of chickenpox and whooping cough around town.

IRAIGANTLER AND DISTRICT NEWS

Miss Murdock was a week end visitor in the district.

Chris Christensen is back on his job on the Deer Lodge Farms.

H. B. Grant is visiting with his people in the States during the month of June.

Si Sheets is frightened he has contracted a permanent cough, he says irrigating affects his arteries.

Jimmie Ramsay is back on his job again at the Deer Lodge Farm and it also happened that his (dear) was visiting with him last Sunday.

Fred Dankworth took three ladies to Strathmore to get a permanent wave, he thought he could afford it after the fine rain, not having to irrigate.

The rain of last week was welcome and the farmers irrigating stopped for the time being. Wheat will now have enough moisture but other grains might need, another irrigating if it happens to set in dry.

L. H. Lavadarsen says the rain always comes along before he gets water enough to get irrigated. He can't tell who it was that made the ditch-rider believe the Bow river was going dry, but he thinks it is not right to make a man believe such a thing when farmers need the water.

John West of Portland, Oregon is visiting his holdings in Standard and district. He states he never saw the country in worse shape, but with the rain lately the outlook is much brighter and everything will turn out better than we expect. Slim Damgard says he knows nothing about it—(go easy Slim.)

TOWN AND DISTRICT

School closed yesterday for the holidays.

Chas. Boos of Banff was home over the week-end.

J. O. Bogstie lost a valuable cow Saturday night through sickness.

Jack Deporter of Taber, is visiting with friends in town.

Miss Van Volkenburg and Miss L. Morton entertained their classes to a picnic at the Bow river Saturday. The pupils report having thoroughly enjoyed themselves.

The chain gang has been on a holiday for the past week therefore there is no news of their doings. They will all be busy again in a day or so filling in the trenches.

The regular monthly whist drive of the Legion and Auxillary of the

B.E.S.L. was held in the Legion Hall, Friday, June 26th. Seven tables took part, followed by a delicious luncheon served by the Ladies Auxillary. Mrs. Guttman was declared winner of the ladies prize with Mrs. Dick Robinson consolation, Bob Harrison winning the mens first.

The first casualty of the irrigation project happened Saturday evening when Grace Anglin had her finger cut off in one of the taps. Grace put her finger in the tap to move an obstruction when her sister Margurite turned the tap with a wrench clipped the finger off as clean as if done by a knife. The girl did not even feel it until she noticed that the end of her finger was gone.

Gleichenites and the people of the surrounding district will have lots to see, do and entertain themselves this month. Next week is the Calgary Stampede and fair and on the 15th a great celebration in Gleichen on the opening of the only pressure irrigation system in Canada. Then on July 24-30 Chautauqua will be here for a whole week.

The manufacturers of garden hose are reported to be working night and day making hose to supply the Gleichen irrigators.

Miss Verna Hayes, daughter of Mr. and Mrs. R. B. Hayes, attended Rideau Park school, Calgary during the term and was highest in her class and passed with honors. It was not necessary for her to take an examination.

The proper way to irrigate is to put on a bathing suit only. Irrigating Sunday in ones Sunday clothes and shoes made good business for the dry cleaners and shoe polish manufacturers.

Miss Audrey A. Young, who for some years taught music in Gleichen recently received her concert degree of L.A.B. in piano, and also harmony in her recent June examination. The examiner Mr. H. Isaac of England, makes the following remarks on Miss Young's playing: "She has taste and musical ability and is on the right road to becoming an accomplished pianist. Her playing is expressive musically and shows intelligent thought throughout. The quality of touch is pleasant. She has an extensive range of variety and gradation of tone color."

Taking an automobile to Europe so that it may be used for touring the famous beauty spots of the Old World, is a surprisingly easy matter these days. The procedure has been so simplified through the co-operation of steamship companies that more and more people every year are adding to the enjoyment of a foreign tour by taking the family car along. All of the big trans-Atlantic liners are now equipped with "seagoing garages." It is no longer necessary to go to the trouble, expense and delay of having the car crated. It is only necessary to deliver the car at the steamship pier the day before sailing. The steamship people attend to taking it aboard, parking it and fastening it securely to prevent damage should there be a rough sea.

The aerocratograph machine which is said to be almost six times as rapid as land surveying, produces maps as accurate as those resulting from actual land surveys.

Monday night rain fell for several hours relieving a great extent the anxiety created by several days of hot winds and drying weather conditions. Urged on by the rain of some ten days ago, many of the wheat fields have been standing quit freely requiring additional moisture. The extremely unfavorable weather during last week has threatened to scorch and shrivel up all the crops thereby not only cutting down the newly started growth but also to deprive the original wheat already in the shotblade. The present showery weather will alleviate any immediate danger but more moisture is needed at frequent intervals. The pastures and hay crops are benefitting largely from these additional rainfalls since they are shading the ground and preserving all the moisture precipitations.

LAUGH WEEK!
Monkey business is great! Smile stocks are booming! Only Old Man Gloom is out of work! When the most delightful nuts that ever escaped strait jackets come to town in their brand new cyclone of comedy. Funnier than "The Cocoanuts." The whole town will shriek with laughter when they see the merry, mad new creation of

R. W. BROWN
GLEICHEN ALBERTA

New Lakeside Inn is Opened

Beautifully set in one of the most picturesque sections of Nova Scotia, combining marine and landscape vistas which bid fair to bring it fast into line of popularity with its sisters at Digby and Kentville, the new Lakeside Inn, at Yarmouth, N.S., is formally opened on June 16, as the newest link in the Canadian Pacific Railway's great chain of hostleries from Atlantic to Pacific. Readily accessible from Saint John, through Digby, via the luxurious steamer "Princess Helene"; from Halifax, over the Dominion Atlantic Railway; and direct from New York, Boston and Portland by Eastern Steamship Lines, the town of Yarmouth and its new hotel are destined to play an important role in tourist traffic to Nova Scotia, with its famed Annapolis Valley and historic Land of Evangeline. Sport and recreations are plentiful and varied. Canoeing, tennis, fishing, swimming and innumerable attractive excursions are only a few of the offerings. There is good golf available near Yarmouth and the hotel and its cottages form a comfortable base of operations. Taste and comfort have been skillfully combined in its spacious public rooms, broad verandas and airy bedrooms. Its cuisine and service are conducted on the established standards, known to guests of the company throughout Canada.

Calgary Exhibition and Stampede, July 6 to 11

Live Stock, Government, Industrial and Domestic Exhibits, The Stampede, The Stampede Parade, Morning Indian Displays, Rodeo Races, Cowboy Ball, Band Contest, Fireworks, 'Marvellous Vaudeville, "The Fiesta of 1931" with 100 artists. Cut yourself a piece of cake, Monday night at Canada's largest birthday party in honor of Mr. P. Burns' 75th birthday. Grand Live Stock Review, an entirely new feature for Friday morning. Free admission for girls and boys under 16 years and free prizes of Dartmoor pony, Shetland pony, two bird dogs and four trios of poultry.

Be here for the famous Stampede Parade Monday Morning. Special Passenger rates of fare and a quarter. Engage hotel or private accommodation through the free Accommodation Bureau at the C.P.R. Station, Calgary. A good time to visit Banff and Lake Louise, only three hours from Calgary, over excellent hard surfaced roads.

There is a new game, invented, called "Tic-tac the Editor," says an exchange. You take an ordinary sheet of writing paper, upon which you write a few words suitable for the occasion. Then you fold it carefully enclosing in the fold a cheque amounting to the sum of \$100.00. Out of the 92 known elements of which the universe is made, seven will be the editor. If possible

Brocky Family Goes to Germany

Canadian Pacific Express men were hosts to Patsy, Mabel, Chester and Blanche Brocky, of Badgerville, Substrans, who spent a week in Montreal recently before sailing to Europe.

The four Brockys sailed for the Continent on the S.S. Beaverford, and will settle in Germany, where their children will probably be sent to the best of the German schools.

The badgers are good Canadians, raised in Alberta and conformed from Edmonton to Glendale-Harvey, Germany, for breeding. One and a half pounds of steak twice a day, at lunch and dinner, keep them alert and happy, and contribute to their enjoyment of the long journey on the Canadian Pacific Railway from Montreal to Hamburg.

Breakfast is now quite delicate in the best of the German style.

The above photograph shows Patsy Brocky, the first in line, with her lunch before her, taken by the C.P.R. Express truck to Montreal on the Beaverford. What do you want with me, says Mabel, as she was in the car. "I've had my lunch and I'm going to sleep," says Mabel. "Nothing more for publication, she is the end of my tale."

Town & District

Born to Mr. and Mrs. Cliff Fleury on Sunday, June 28th, a son.

Mrs. Wm. Schmidt left last week for Minneapolis for a short visit.

Jim Gibson of Carleton was in town Thursday having an angry mouth attended to.

For good home made meals, light lunches, refreshments, call on the ice cream, visit the Rose Tea Room.

Quite a number from Gleichen went to Bassano last week to attend the annual meeting of the C.P.R. men.

The sale of home-baked and tea by the ladies of St. Victor's Church in Fred Jones store, Saturday was quite a success.

Mrs. and Mrs. John Boyd and family left Sunday by motor, for Vancouver via the Crownset. They will be absent about two weeks.

Bill Varnell has spent a lot of time lately tramping and fixing up the lawn in the Community Hall. It now looks much better.

Pat Beach was home from Calgary over the week-end visiting his parents. He is a ticket agent at Lake Minnetonka for the summer.

Last week we inserted an item for copy of the Call of March 18. Saturday morning the first copy arrived from Mrs. J. M. McGeay, Calgary. There are some people who say it does not pay to advertise.

Bassano and Meadowbrook played ball at Meadowbrook Sunday. Bassano winning by a score 7-1. Ralph Harrows of Bassano knocked out a home run with the bases full.

Mrs. J. B. Davies, Mrs. Davies and Mrs. Palmer left Tuesday for Banff where they will attend the fifth annual summer school of the Diocese of Calgary, which begins June 30 and ends Sunday July 4th.

Ed Elliott likes to juggle with huge wheels of iron, brass, copper, silver, motor tanks, freight cars, etc. He is on the parade when he is on a job like this. He can take a box car on a street and put it exactly where he is wanted. Ed says rails for cars are out of date.

"Our next issue," wrote the editor of an exchange, "will be exceedingly interesting, as it will contain the names of all our delinquent subscribers." But when the time came to send out the next issue it was discovered that there were no delinquent subscribers. They had all paid up.

After a week or more of joyous holiday the annual Blackfoot run dance came to an end in a blaze of glory. Sunday nothing remained at the dance ground but the tree bowered dance pavilion. Drums, waist and feathers have been blown away for another year and the Indians scattered to their homes all over the reserve.

Harvey Bogie had the misfortune to have his light truck turn upside down Sunday afternoon between Mossleigh and Arrowwood. There were five passengers in the car at the time and one of the girls, Miss Duncan, who was driving, had her collar bone and two ribs broken. All the others escaped with slight cuts and bruises. The body of the car was badly damaged.

Friday evening at Mossleigh the Gleichen baseball boys got a great training 10-4. The boys state they thoroughly enjoyed themselves and the score keeper was on the pitch trying to keep a record of Gleichen's errors. Bill Brown is home again after a lengthy sojourn in a hospital in Calgary. He looks much improved in health and spends a lot of time sunning himself.

The trade territory of a town is not all dependent upon the distance to neighboring trading points. The trade territory depends upon the character of the merchants and the residents of the town. If a town does not trade after the trade it will come only as fast as it has to, and it will grow as fast as it can. But if business men get their business in the surrounding country, advertiser in every possible way, and making good every word of their advertising, trade will come from an unexpected source, the town will gain a reputation for being awake and it will force to the front. It is the men in the town and not altogether it is men living within a certain number of miles from it that makes the town.

NAMAKA NEWS

Mr. and Mrs. Woodward of Shep, and spent Sunday with their son Mr. Wilbur Woodward at Namaka.

The soft ball game staged between the Hungry nine and the Newmarket Saturday evening was quite exciting affair, the score resulting in favor of the Hungry Nine.

The recent rally held at the pavilion in the 1st ward, the association of Namaka (L.L.) A. as also a very interesting affair.

Mrs. W. H. Baker and family also Mrs. Merrett moved to Calgary on Sunday afternoon.

The recent rains have changed the appearance of things in this district. While it may have been a little late in getting here it is going to help out a great deal.

Mr. McKenzie of the Revelstoke Lumber Co. was in town on Monday.

Mr. Stanley Owsen spent the week-end with friends in Calgary.

Mr. Chas. Thompson of Gleichen was a caller here during the week.

Mr. Stanley Owsen spent the week-end with friends in Calgary.

Secretary-Treasurer.

Here and There

Petco lobster fishermen are trying a new venture in shipping lobsters to Boston, Mass. Recently a carload valued at \$4,000 was shipped by express over Dominion Atlantic Railway lines to Boston, being shipped there in ice.

Lovers of wild life will be glad to hear of the establishment of a second Bird Sanctuary in the vicinity of the town of Banff, by John W. Piggott, of Banff, Alberta. The sanctuary is located in the heart of the Banff National Park.

The first musical broadcast in history of music entertainment from a steamship in motion, was over a network of Canadian and United States radio stations, was carried through success fully as the Express of Britain was sailing up the St. Lawrence on her maiden voyage from Chelmsbury June 1.

All records for the St. Lawrence route to Europe were shattered when the new Canadian Pacific liner, Impress of Brit, in 42,000-ton flagships of the company, Atlantic fleet, made the run from Chelmsbury to New York in 10 days, nineteen hours, on her maiden voyage May 5, June 1.

The train ride from Vancouver to Banff is the most wonderful I have ever taken; was the comment of the much-travelled and famous writer J. B. Priestley, of "Angel Pavement" and "The Good Companion" fame, who was recently at the Banff Springs Hotel. "This party was a wonderful experience," he said, "I had been coming along in September for the third time."

The Shield for efficiency and safety of our Canadian Pacific Western Expresses of the Pacific, was last year by J. B. Priestley, of "Angel Pavement" and "The Good Companion" fame, who was recently at the Banff Springs Hotel. "This party was a wonderful experience," he said, "I had been coming along in September for the third time."

ESTRAY

On the premises of Peter Kovachuk, of Banff, Alberta, a white bull, 6 years old, white face and 4 white feet small white right side of chest. No brand visible. B. Clark.
